

H-Shield HD Composite CG

Durability, Higher R-Values and Lower Installed Costs

SPECIFY H-SHIELD HD COMPOSITE CG

SPECIFIED R-VALUE →	20	25	30
<i>Top Layer</i> H-Shield HD Composite CG	2.0" R-11.1	2.5" R-13.9	3.0" R-16.9
<i>Base Layer</i> H-Shield CG	1.6" R-9.1	2.0" R-11.4	2.3" R-13.2
<i>Total Thickness</i> Total Assembly R-value	3.6" R-20.2	4.5" R-25.3	5.3" R-30.1

Hunter Panels introduces **H-Shield HD Composite CG**. Combining the beauty of energy smart polyiso with the rugged durability of 1/2" high density cover board in a single monolithic panel. That's two panels in one – saves time, money and labor. Adds R-value and superior performance.

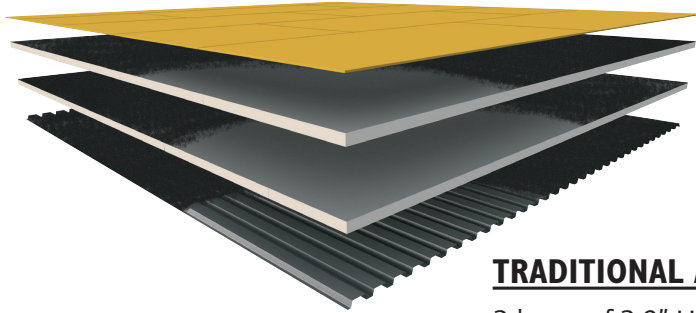

Go ahead – do the math on your next roofing project. We think you'll like the answer!

FEATURES & BENEFITS

- 1/2" H-Shield HD 100 psi manufactured on-line to a maximum thickness of 3.5" H-Shield CG
- Manufactured on-line using only premium performance facers
- Resistance to mold, passed ASTM D 3273 (10)
- Hail Rating: SH-1
- For all roof system assemblies
- For both reroof and new construction, 47.5" x 47.5" or 47.5" x 95.5"
- At 2" minimum thickness, approved for Class 1 insulated steel deck and UL Class A in virtually all roof assemblies

H-Shield HD Composite CG Advantage

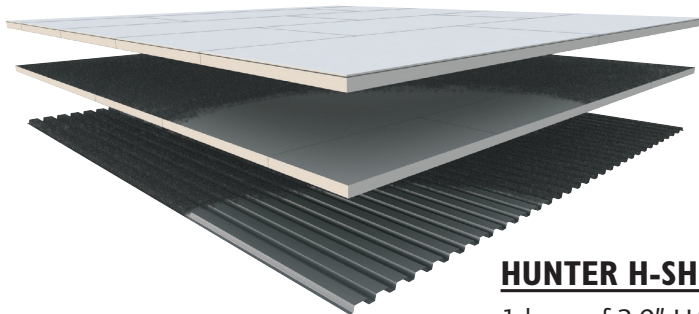

Durability, Higher R-Values and Lower Installed Costs

TRADITIONAL ASSEMBLY - R-VALUE = 24.0

2 layers of 2.0" H-Shield CG @ \$70.00 per sqr \$140.00
 2 applications of adhesive @ \$30.00 per sqr \$60.00
 1 layer of 1/2" Gypsum Cover Board @ \$48.00 \$48.00

TOTAL.....\$248.00 per sqr

HUNTER H-SHIELD HD COMPOSITE ASSEMBLY - R-VALUE = 25.3

1 layer of 2.0" H-Shield CG @ \$70.00 per sqr \$70.00
 1 layer of 2.5" H-Shield HD Composite CG @ \$127.00 per sqr \$127.00
 1 application of adhesive @ \$30.00 per sqr \$30.00

TOTAL..... \$227.00 per sqr

TOTAL MATERIAL SAVINGS \$21.00* per square plus labor savings

* Based on approximate contractor costs
